7th CAVALRY REGIMENT

Operation “Old Folks Home” [OFH]

Operations Order - TBD

SITUATION

An insurgency has been going on for decades within the small central Asian country of Takistan. Despite NATO's efforts to bring peace, their despotic neighbor Esbekistan has made it virtually impossible to bring stability. The Takistan National Police and Army, with the continued assistance of NATO forces continues its efforts to stop the flow of fighters and supplies in and out of Takistan, via Esbekistan. The 1st Cavalry Division, in its continued redeployments to the region has been tasked with a "surge" effort by integrating with Takistan National Forces to effectively blockade the southern border with Esbekistan, keep organized insurgent forces from conducting incursions north over the border, and disrupting insurgent efforts to maintain an effective fighting posture against the Takistan National Government.

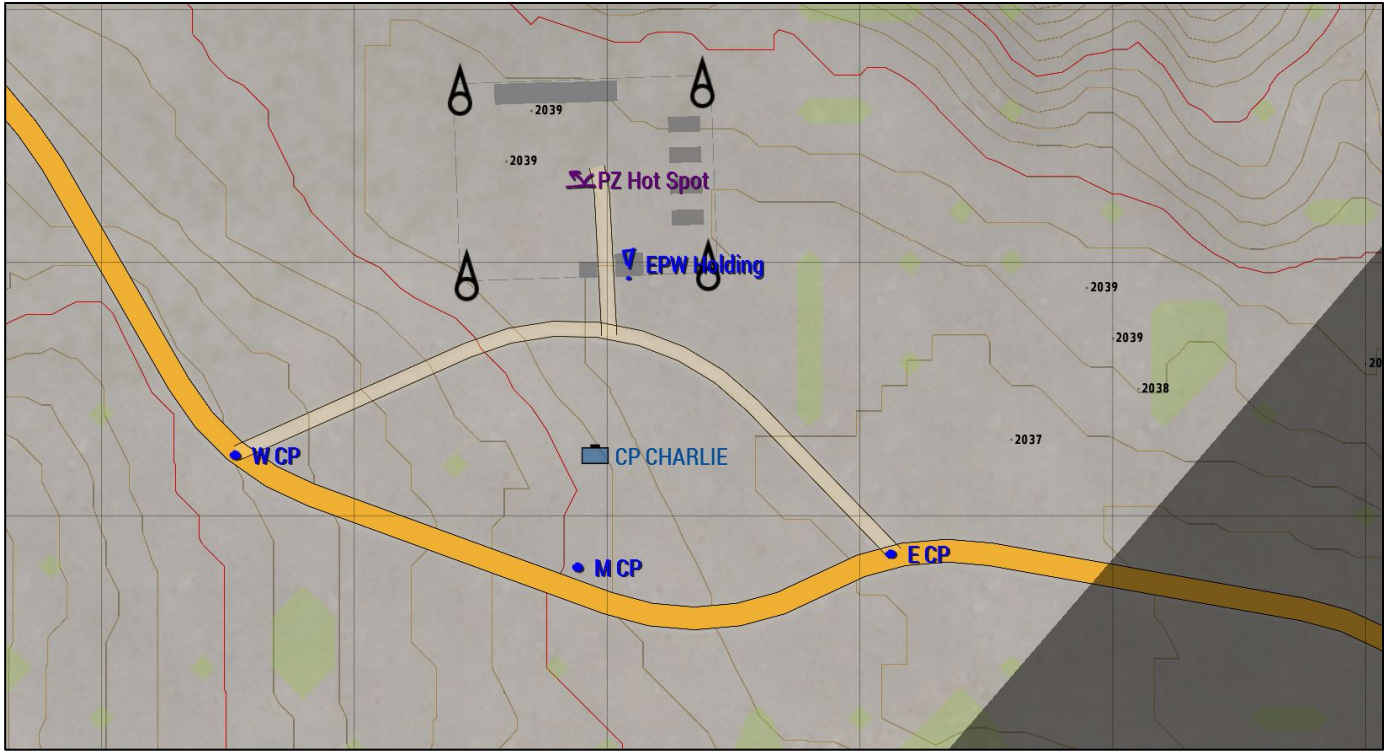
ATLAS primary tasking will consist of treatment of casualties and managing of EPWs.



EXECUTION

PHASE 4a: Checkpoint Actions

MISFIT-1 and MISFIT-2 are to follow the guidance listed to the right when interacting with vehicles and civilians approaching the checkpoint.

For the duration of this Op, contraband is defined as any military arms or equipment. Weapons, ammo, grenades, etc.

Searches & Detainment

All vehicles moving through the checkpoint are to be searched thoroughly prior to being granted movement clearance.

All MAMs wearing military style clothing or with obscured faces are to be removed from the vehicle and handcuffed during the inspection.

Any individuals detained in this manner are to be searched and questioned.

In the event contraband is located on an individual or a vehicle, all occupants are to be detained immediately and transported to the EPW holding area. Their vehicles will need to be removed from the road and brought to the open area just north of M CP.

Once these actions have been completed, M1 and M2 are to radio M6 on PLT that the vehicle has been processed.

Reckless Behavior

Vehicles approaching the CP at speed within 200m are to be engaged with a warning shot.

If the reckless behavior does not cease, MISFIT Platoon is authorized to protect itself by incapacitating the vehicle.

ADMINISTRATION AND SUSTAINMENT

1. Medical & Sustainment:

A small medical facility is at CP-Charlie that can be used to stabilize patients before evacuation, which will be handled with Blackhawk support. Resupply will be coordinated with the Operations Sergeant [callsign 'Zeus'], with support of a supply and maintenance team attached from Fox Company, 1st Battalion, 7th Cavalry.
